Sheri Materolli

Maia Mayer
Susie Gunter

6:33 pm: Ryan made a motion to begin the meeting, Sheri seconded.

Previous meeting minutes were read by Karena, because Carolee was absent last meeting. Minutes were approved as read by Sheri, seconded by Maia.

Vice President's Report:

Karena has a taco truck lined up to be at our finals.

Treasurers Report:

We currently have the \$2500 in savings for next year. Some of the income for the month included co sanctions, memberships, Raffle money, and a \$1000 sponsorship. Some outflows included our operating costs, the raffle tickets, and some returned entry money for the anniversary race. Diane approved the treasurer's report, Sheri seconded.

Points and Membership:

Around 275 members

Diane did not have any race results for the Boobs and Barrels race yet, or the Lincoln race.

New Business:

So far we are doing well for finals money, and people are selling a ton a raffle tickets. Currently up to 50 entries for finals. Not having Steve announce is saving us \$700. We are going to add \$1,000 to the average.

The BOD discussed the incident that happened the weekend of Boobs and Barrels, there is no action NSBRA can take, as we are not the prime race holder.

As of now it looks like we have some volunteers for next year's board. If we have more than one candidate, we will have to have voting sheets out at finals.

We will need to draw for barrel setters for finals, or gather volunteers.

The BOD decided what prizes should go for the different year end category placings.

Old Business:

The rule change submissions will be due soon for the new board to vote in. One of the rule changes includes allowing carry over races or not, and whether you should be required to run in order to get points.

8:16 pm – Ryan made a motion to end the meeting, seconded by Sheri.
